

HEARING PROTECTION•Earmuffs

Model 1000 Earmuff

The Model 1000 Earmuff is made of durable, lightweight, nonconductive dielectric plastic and features soft, foam-filled cushions and large earcup openings for greater protection and comfort. Pivoting earcup connection maintains seal and alignment. Cup liners are replaceable. Three-position headband fits any head size and can be worn over the head, behind the head or under the chin. Belt clip holder available. Sold per pair. NRR 20 dB.

E-A-R® Model 2000H Earmuff

Model 2000H mounts to most slotted safety caps without an adapter. Earmuffs swing up and out of the way to the "at rest" position. Durable, lightweight dielectric plastic construction is nonconductive. Works with AOTuffmaster® face protection system. Cups are interchangeable with Model 1000. Disassembles easily for cleaning and replacement. Sold per pair. NRR 21 dB.
