

THIS IS BEYOND

NEW KX™ SAFETY EYEWEAR

INTRODUCING KX SAFETY EYEWEAR. The model is wearing KX1000 with clear lenses. The KX1000 are shown below with gray lenses. Available in 2 lens colors.

KX: THINK VALUE

KX™ eyewear is the value choice for visitor safety with high style.

Other performance features include:

- Exceeds ANSI Z87.1 and CSA Z94.3 High Velocity Tests
- Lightweight, Contoured Design
- Superior Construction
- Outstanding All-Around Coverage
- Panoramic View

X SERIES. PERFORMANCE BEYOND THE STANDARD.

NEW KX™ SAFETY EYEWEAR

Visitor Glasses That Are A Great Look And Great Value

Many visitor glasses are "boxy" looking. Not KX eyewear. It's stylishly contoured to wrap around the face for a sporty look and excellent safety coverage. And they are economically priced.

Panoramic, Peripheral-Plus View

Seamless lens with built-in sideshields provide an uninterrupted sight range and optically correct peripheral vision.

Designed For All-Day Comfort

KX isn't just lightweight, it features flexible spatula temples to help make them comfortable for short visits or a full work day.

Performance Beyond The Standard

KX eyewear exceeds ANSI Z87.1 and CSA Z94.3 high-velocity impact standards. High impact Duralite™ polycarbonate lenses are anti-static and provides 99.9% UV protection.

Choose from clear or gray lens.
